INFORMATION FOR NON-FURNISHED RENTAL INCOMES

For rental incomes, there are 2 different ways of being taxed on those incomes:

- ✓ Micro system: you declare the rental income and benefit from a rebate of 30% (if the rental incomes are under the threshold of 15 000€)
- ✓ Real system: you deduct the different expenses related to the building, this system is mandatory if you are over the threshold of 15 000€ and this system is more interesting if the real deductible expenses represent more than 30% of the total income.

In both case,
